Subject: Request for ICP-MS Analysis and Proposal for Collaborative Research

Respected Sir,

I am Devendra Anil Khade, working under the guidance of Prof. B. N. Thorat at the Institute of Chemical Technology, Mumbai. Our ongoing research focuses on the adsorption of heavy metals from wastewater, aimed at developing sustainable treatment solutions.

We wish to carry out ICP-MS analysis of our experimental samples to evaluate the concentration of residual heavy metals after adsorption. We would be grateful if Sadekar Enviro Engineers Pvt Ltd could assist us in performing these analyses at your facility.

Furthermore, we are interested in developing this work in collaboration with Sadekar Enviro Engineers Pvt Ltd, with the goal of jointly advancing a scalable and efficient technology for wastewater treatment. We will be glad to acknowledge your organization's support and contribution in all related scientific publications resulting from this research.

Looking forward to your positive response.

Warm regards,

Prof. Bhaskar N. Thorat
